0 Night | 1 Day

### SIDON TYR MAGHDOUCHE

Sidon is of immense antiquity, but few remains of the ancient city have survived the ravages of time and man. Tyre is an ancient Phoenician city and the legendary birthplace of Europa and Dido (Elissa). Maghdouché's most famous landmark is the tower of Our Lady of Mantara, which is a Marian shrine built (May 16, 1963), above the cave that is believed to have been the resting place of the Virgin Mary as she waited for Jesus while he preached in Sidon
